

Hello Wizbit

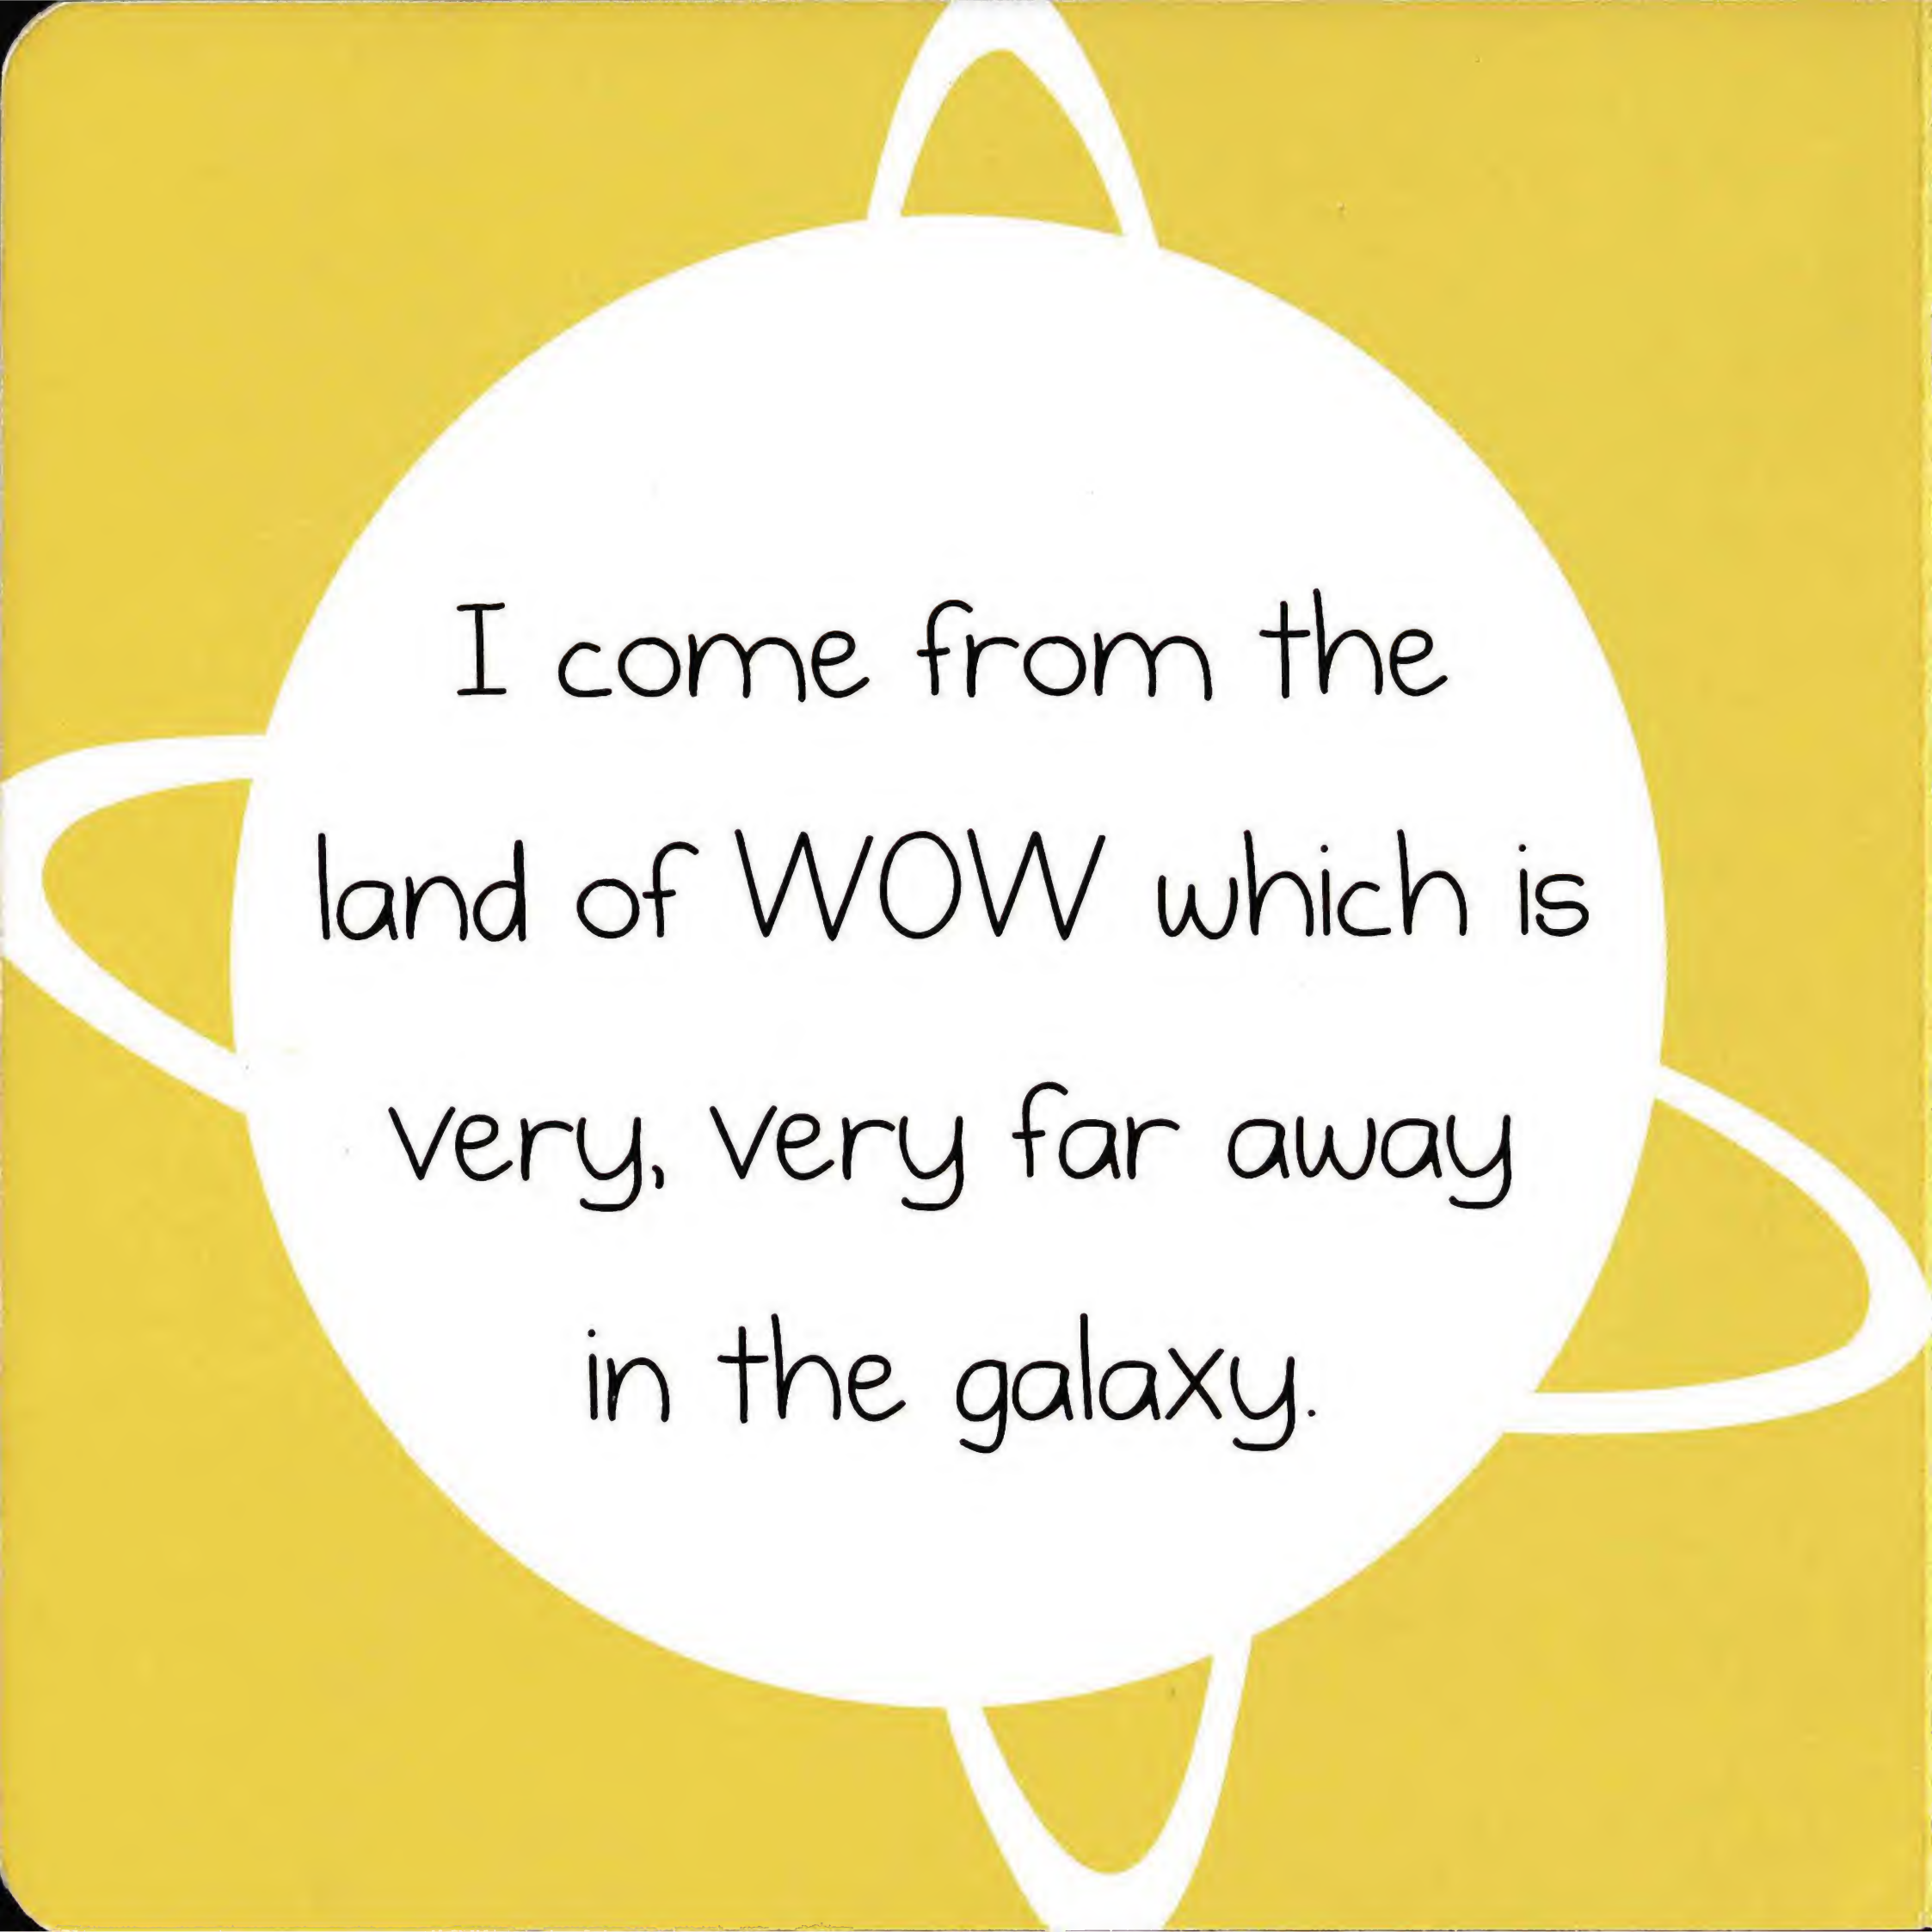

created by Paul Daniels
written by Justine Maynard

Hello,
I am Wizbit.

A stylized white planet with a ring, set against a yellow background. The planet is a large white circle with a white ring around its equator. The background is a solid yellow color.

I come from the
land of WOW which is
very, very far away
in the galaxy.

WOW is a World Of
WiZards that can do
wonderful, magical things.
Can you count all the
green wiZards?

I have a favourite magic
word that I say when
casting my spells.

Can you say my

magic word,
Osta-gazu-Za-lum?

Its not easy to say, is it?

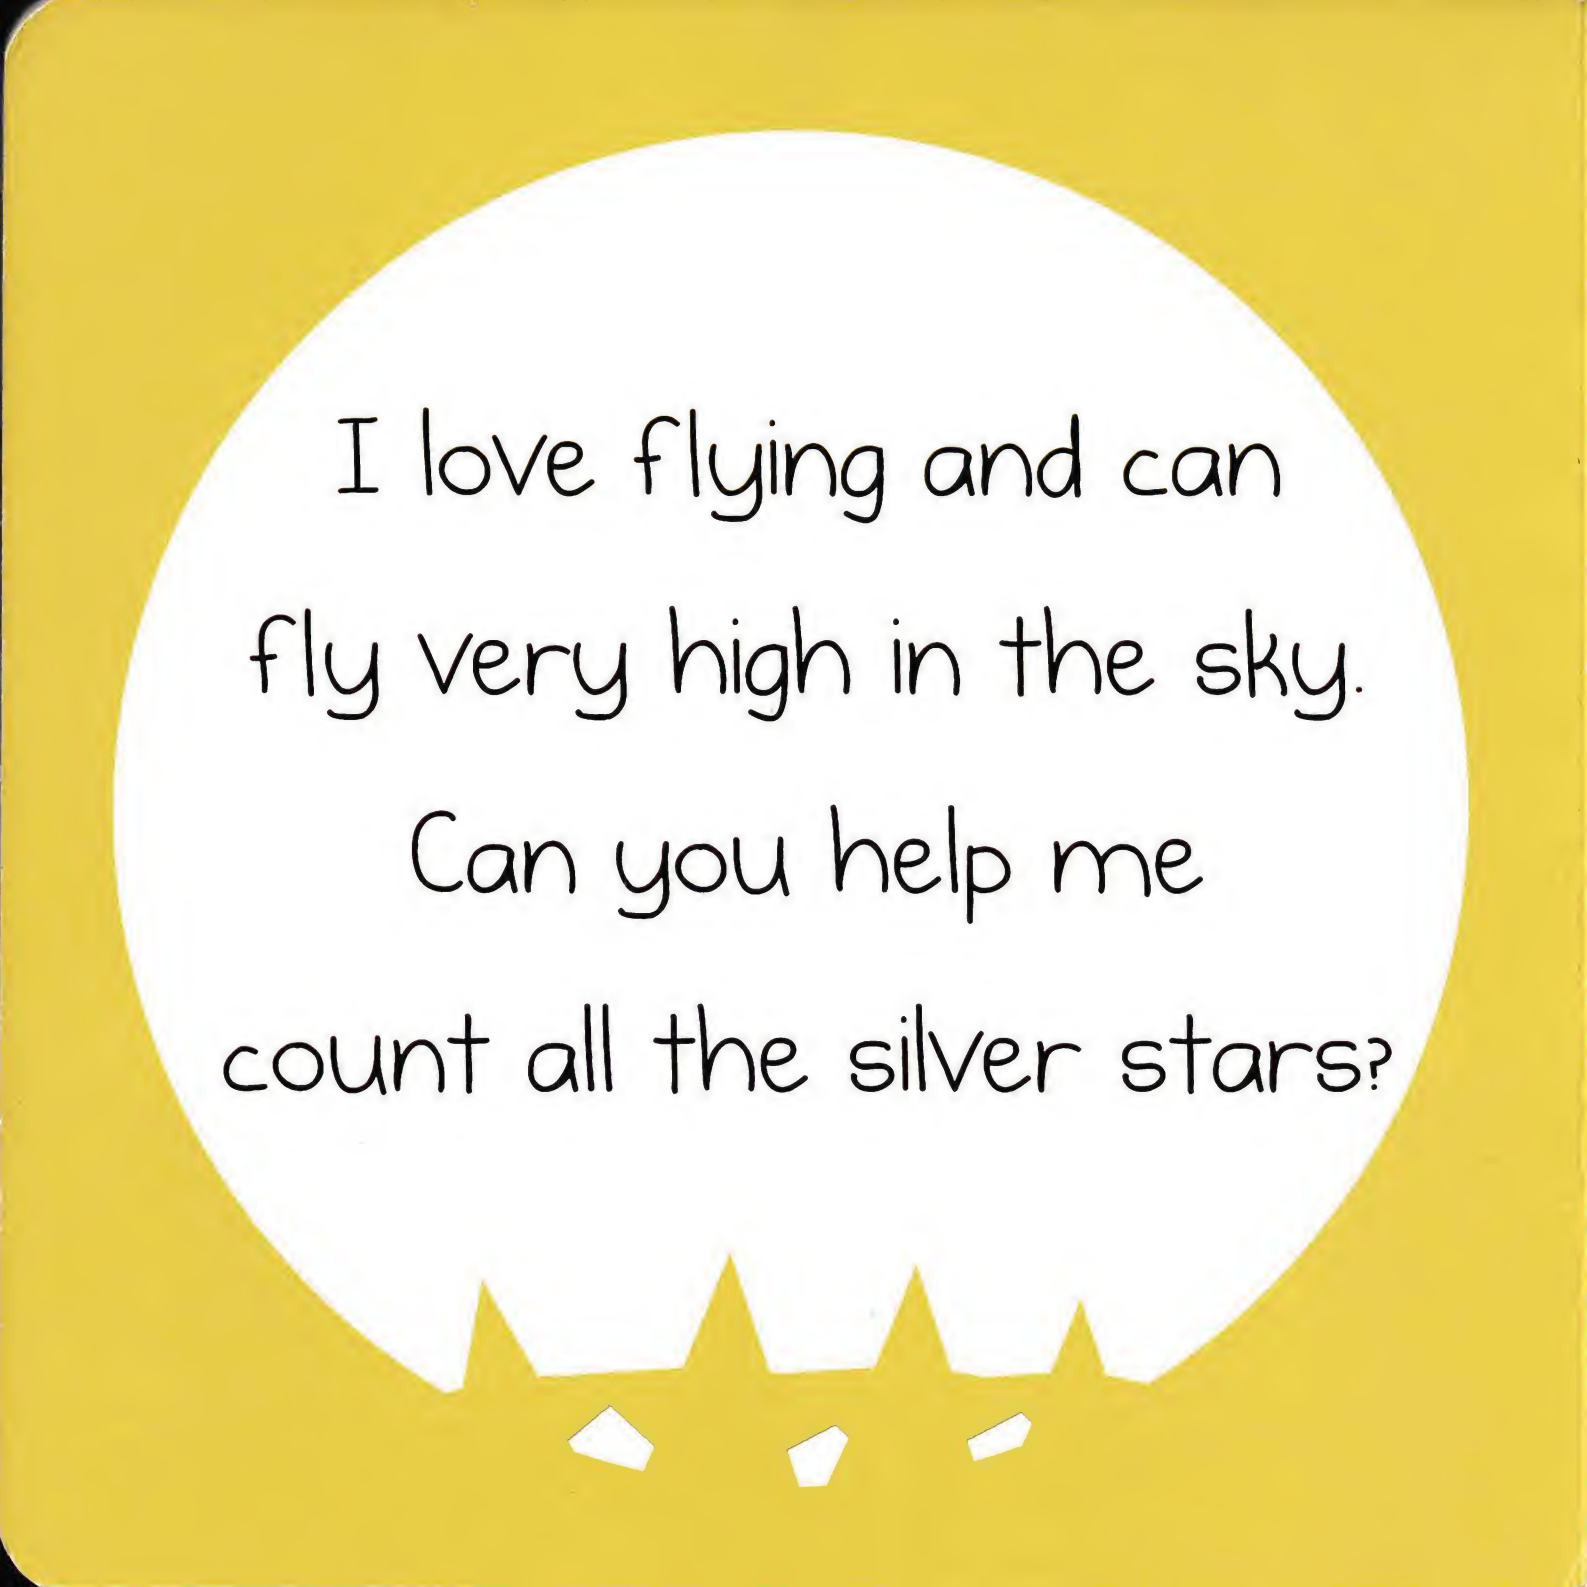

I use a magic wand
to help me cast my spells.

How many wands
can you count
in the garden?

I love flying and can
fly very high in the sky.

Can you help me
count all the silver stars?

I like visiting my wIzard
friends on planet WOW.

Do you think you
can find me?

I am off to see my best
friend Woolly now.

Bye bye!

Hello Wizbit
